

## PARSAN Quality Policy

### **Our vision is,**

To be the market leader and the most preferred solution partner in our nearby geography and in Europe, in the sectors we serve.

### **Mision,**

We provide long-term, advantageous business partnerships for both parties by providing forged parts and services related to these products, ready for assembly.

We grow our business volume, product range and added value with controlled steps and in addition, we increase the customer satisfaction provided by the productive processes we have developed.

### **Our values are,**

- Progress towards perfection
- Honesty.
- Environmental awareness And Respect for environment.
- Discipline.
- Reliability.
- Respect and Courtesy.

### **Our policy is,**

To meet our customers' requirements and custom requests by manufacturing proper products in time and economically and to ensure continuous customer satisfaction We anticipate to implement this policy by:

- Continuously increasing quality, productivity, and creativity while reducing costs;
- Becoming a business partner that our customers embraces and prefers in every aspect and a company that is always reliable;
- Continuously improving our corporate identity and corporate culture;
- Carrying out works to prevent faults before they occur, to ensure the production is carried out properly in the first try and constantly;
- Being in close cooperation and assistance with our suppliers;
- Implementing continuous improvement works regarding quality targets;
- Ensuring product safety and minimizing risks to our customers and employees;
- Fulfilling our responsibilities against the environment and the society and manufacturing products in accordance with the legal requirements;
- Ensuring the qualification of our employees and their informed participation in our continual improvement;
- Looking out for the profitability targets of our company in all these endeavors.
- Risk-base thinking,
- Understand and assist intrested parties and their expectations.
